Late this afternoon, TN was assigned to the Gold Mine fire approximately 45 minutes north of Sandia RD, near Madrid, NM along highway 14. This is a State fire. They will likely be there a couple of days; and are camping out. The State flew air tankers and helicopters on the fire most of the day. Smoke Jumpers tried to jump, but it was too windy. That's when they called for other crews in the area and TN was assigned.
